

HAPPY INDEPENDENCE DAY

Celebrating
our rich
human
capital in the
New
Dispensation

Brave men and women gave their lives for the freedom of our nation and brought glory to us through their sacrifice. It's now our turn, all of us, to apply every skill, every talent and every ability at our command to make the prosperous Zimbabwe they fought and bled for a bankable reality.

To propel this nation to Upper Middle Income status through hard work and commitment, as His Excellency the President, Cde. Dr. E.D Mnangagwa, has urged us to, we can sit on neither hand nor laurel, but must strive every day to make our presence count in a New Dispensation that is so full of promise.

At the Public Service Commission, we are focused on facilitating the establishment and management of a devolved system of public administration that effectively leads and propels Zimbabwe to greater heights of sustainable and inclusive social and economic growth and prosperity for all citizens.

We are championing an Empowered Public Service geared towards leading and propelling sustainable and inclusive socio-economic growth and prosperity for all citizens of Zimbabwe. As we do so, we celebrate our country's rich endowment in human capital, and pledge to do our best to identify, recruit, develop and empower the right people for the Public Service jobs that will help deliver the aspirations of Zimbabwe's Vision 2030.

On this our 41st Independence Day, may God bless Zimbabwe and the works of our hands by strengthening those hands to work!
